Resource Management in consortia environment and adding inventory without ordering

Svetlana Smirnov 2020

### **Session Objectives**

 Review workflows for creating new inventory records (physical and electronic) in Alma without using acquisition ordering process and linking institution inventory to NZ master record.

• Session Goals:

Go through physical and electronic inventory creation workflows in Alma with using Network and Community Zones

- Add institution holdings to the NZ record
- Relink IZ holdings to master NZ record, share and match to the NZ record
- Create new holdings and items in Alma Metadata Editor and add item and holdings to existing records
- Add holdings and items using Quick Cataloging
- Activate single electronic portfolio from the CZ
- Activate electronic package from the CZ

### **Physical Records Data Structure**

Holdings record Science Library

#### Item record

# Adding institution holdings to existing NZ record / Relink IZ holdings to NZ record

### Add institution physical inventory to existing NZ record

 From NZ 'All Titles' search select record to 'Link' from NZ and/or 'Edit Record' from NZ search to add inventory directly to it
