Ending Overdue Fines and Processing Fees

- Reminder: CARLI Board of Directors approved two proposals that will end the practice of I-Share libraries charging overdue fines for their main circulating collections and “processing fees” for any lost materials.
- I-Share Libraries filled out a survey letting CARLI know whether they planned to implement the changes on their own before January 1, 2021, or would prefer CARLI staff make these policy configuration changes on their behalf.
 - CARLI Office Staff: Plans to make the changes December 21-23.
 - Library Staff: Work should be complete before January 1, 2021.

Enabling Overdue Notices in Alma

- If your institution **is ready to turn on** overdue notices in Alma starting in December 2020:
 - <https://docs.google.com/spreadsheets/d/1Qyn4fH2UCHmnCPawYnd1rEbPqL9NI5Uc6LnzsGtrLdg/edit?usp=sharing>
- If your institution **prefers to wait** and have your overdue notices turned on sometime in 2021, a second set of meetings will be available in 2021.

How to improve accuracy of linking to articles and ebooks?

- Alma & Primo VE build OpenURL links based on citation information.
- Example:
 - Alvanoudi, Angeliki. "Gender, Language and a Lipstick: Creating Cultural Change in a World of Paradoxes." Humanities (Basel) 7.3 (2018): 87–. <https://doi.org/10.3390/h7030087>*

This library has full text in

[DOAJ Directory of Open Access Journals \(Free internet resource, activated by CARLI\)](#)

Available from 2012.

Creates an open URL like this:

How to improve Alma linking? Use “Augmentation”

By default, the Digital Object Identifier (DOI) linking and PubMed ID linking are NOT turned on in Alma.

- Setting up [CrossRef](#) within your Alma IZ turns DOI & PMID querying on.
- Setting up PubMed API linking turns on deeper PMID linking.
- Unpaywall service to match more OpenAccess/Free resources. NEW web page:
<https://www.carli.illinois.edu/products-services/i-share/electronic-res-man/unpaywall>
- See <https://www.carli.illinois.edu/products-services/i-share/electronic-res-man>

- Alma has built in export profile to send holdings to Google scholar.
- Get started at <https://www.carli.illinois.edu/products-services/i-share/external-system/GoogleScholar>
- Note: takes up to 7 days for process to start. And additional weeks to see Primo VE links in Google Scholar. Between terms great time to work on and test out.
